National Wall Maps

Railroads of the Continental United States

The *Railroads of the Continental United States* is the industry standard railroad map, and is currently used by thousands of transportation professionals. The complete US rail system as well as southern Canada and northern Mexico are displayed in this 36" x 48" map. Printed in full-colors, the highly detailed map shows more than 7,000 cities, towns, and station points. Reporting marks on the map are indexed for more than 700 railroad companies to identify operations. Intermodal hubs and ports are clearly represented. Vintage 2004.

Railroads of Canada

The full color 36" x 60" map of the *Railroads of Canada* includes eight individual cities insets, color coded Class I railroads, major lakes, provincial boundaries, connections to the northern United States and over 1,350 station points. The insets include: Edmonton, Montreal, Quebec City, Regina, Saskatoon, Toronto, Vancouver and Winnipeg. Vintage 2007.

Railroads of Mexico

The 36" x 44" full-color *Railroads of Mexico* map includes recent acquisitions and privatization of the rail in Mexico. Rail is color-coded to reflect ownership. Detail includes state boundaries, thousands of indexed cities, ports served by rail and intermodal hubs. The color map also displays connections in the US and South America. This map will be extremely beneficial to any company doing business with Mexico or transporting through the country. Vintage 2007.

City, State and Regional Wall Maps, Vintage 2007
